ATHLETIC ELIGIBILITY OF AN OPEN ENROLLED OUT STUDENT: On April 4, 2023 Superintendent Brian Strusz and the Pleasant Valley School Board received a letter from Davenport Community School District informing the district that the Davenport Community School District has waived the 90 school day athletic eligibility waiting period for Mary Catherine Townsend. The Townsend family moved into the Pleasant Valley School District in December of 2021, but the student maintained enrollment in the Davenport Community School District under the open enrollment continuation law until the start of the current semester, when she enrolled at Pleasant Valley High School. The student is a member of the

junior varsity soccer team, and *should the opportunity arise*, would like to be allowed to play on the varsity team.

Iowa Code 36.15(3) General transfer rule states that a student who transfers from a school in one member or associate member school to another member or associate member school shall be ineligible to compete in interscholastic athletics for a period of 90 consecutive school days, as defined in rule 281—12.1(256), exclusive of summer enrollment, unless one of the exceptions listed in paragraph 36.15(3)“a” applies. The period of ineligibility applies only to varsity level contests and competitions.

A number of exceptions may be considered; none of which apply in this particular situation. However, the board of directors of both districts may agree to waive the ineligibility period.

The board made note of the fact that the student is a district resident and Davenport had given approval.

Motion by Kanwischer, second by Ayers that the board waive the 90 school day period of ineligibility from varsity sports as is directed under Iowa Code 281 - 36.15 (3 & 4) for district enrolled student, Mary Catherine Townsend, so that she may have the opportunity to compete at the varsity level at Pleasant Valley High School effective immediately. The Pleasant Valley Community School District Board of Education provides a supplemental benefit because of early retirement for the teachers who:

Wish to voluntarily retire from service in the Pleasant Valley Community School District.

From a broad viewpoint, the early retirement allowance program provides generally two desirable benefits: it provides financial advantages for those persons who are near a personal decision to retire and may enable necessary staffing modification to take place without disrupting careers of those who do not wish to leave the classroom.

ELIGIBILITY CRITERIA

1. Available to teachers who have reached age 55 or will reach age 55 on or before September 1 of the **first fiscal** year following the effective date of the teacher's retirement (**the school district's fiscal year runs from July 1 through June 30**); and
2. Available to all teachers who have completed at least 15 years of service to the Pleasant Valley Community School District as of June 30 of the current school year (**the 15 years of service is not required to be continuous**); and
3. **The teacher must make application for early retirement in writing to the Superintendent no later than January 20 of the current school year unless such written application is waived by the Superintendent.**

EARLY RETIREMENT BENEFITS

When a teacher meets the eligibility criteria and elects to retire early, the benefit is calculated as follows:

1. Early retirement ~~benefit shall be a~~ pay-out based on 100% of ½ of the teacher's current year's teaching salary; provided, however, that extra duty increments, phase monies, teacher quality dollars, extended term contracts and any other compensation not included ~~as base salary on the salary and index~~ ~~workpaper for single salary~~ schedule to the Master Contract, shall not be included when determining a teacher's salary amount under this paragraph.
2. ~~To receive the full benefits of early retirement, the teacher's unused sick days must be equal to or greater than the teacher's full year contract days, including holidays.~~
3. ~~The following grandfather clause will be implemented:~~
 - a. ~~2023-2024 (149 unused sick days to receive 100% of early retirement)~~
 - b. ~~2024-2025 (164 unused sick days to receive 100% of early retirement)~~
 - c. ~~2025-2026 (179 unused sick days to receive 100% of early retirement)~~
 - d. ~~2026-2027 (194 unused sick days to receive 100% of early retirement)~~
4. ~~If a teacher meets the 15 years with the district and the age requirement of 55, but does not meet the sick days requirement listed in #3 above, their early retirement benefit will be prorated based upon their total unused sick days compared to the required days listed above. Note: If the teacher leaves employment with the district and is rehired at a later date, prior years of PV service will count towards the 15 total years; however, unused sick days from prior district employment are lost.~~
5. ~~The early retirement payments shall~~ ~~will~~ be paid directly into the ~~403(b) special pay plan~~ account ~~established by~~ ~~created for~~ the teacher with the ~~403(b) special pay plan~~ provider chosen by the District. Payments ~~shall~~ ~~will~~ be made in equal annual installments of ~~25% of the 50%~~ spread over ~~at least the next two (2) fiscal years beginning in the month of~~ September of each ~~fiscal year from after~~ the effective date of the teacher's retirement. ~~The teacher may select payment in either September or January of each of the next two (2) fiscal years after the effective date of their retirement.~~
6. A teacher shall be separated from the employment of the Pleasant Valley Community School District as of their effective retirement date as specified in their application for early retirement, and thereafter shall be entitled to all rights and privileges of such a retiree under applicable laws, policies, and provisions of the District. All eligible teachers may make application for early retirement benefits to the Superintendent. ~~Application for early retirement must be received by the Superintendent no later than January 20 of the current school year.~~

The Board of Directors reserves the right to waive provisions of this policy, including suspending it entirely or setting limits on its use.

- Keith Cavanagh – Counselor
- Lori Duncan – Special Education Teacher
- Traci Keppy – Special Education Teacher
- Jenny Lauritsen – Special Education Teacher
- Kelly Pennekamp – Special Education Teacher
- Gina Weaver – Special Education Teacher

- Aaron Roome – AEA Representative

In accordance with the state's guidance for the development of the special education instructional service delivery plan, the appointed committee met to address a set of five questions and to provide district assurances to support the implementation and delivery of the plan.

Question 1

What process was used to develop the delivery system for eligible individuals?

The delivery system was developed in accordance with Iowa Administrative Code rule 41.408(2)c. The group of individuals who developed the system included parents of eligible individuals, special education teachers, general education teachers, administrators, and at least one representative of the AEA.

Further, the committee met on the following dates:

- January 9, 2019
- March 6, 2019
- April 17, 2019

to address the prepared agenda items related to the development of the special education instructional service delivery plan.

The plan was reviewed by the school board on June 10 and June 24, 2019 and the approval took place by Board action on July 15, 2019.

Question 2

Examples of Continuum of Services: How will services be organized and provided to eligible individuals?

Example 1 - Continuum of Services

General education with consultation. The student is served in the general education classroom or regular early childhood program without any accommodations or modifications to the curriculum, instruction, testing or grading. The service provider is responsible for consulting with general education teachers and monitoring the student's progress according to the IEP. (ie. Speech)

General education with consultation/accommodations. The student is served in the general education classroom or regular early childhood program with consultation and support from the special education teachers. The general education teacher is responsible for direct instruction, testing, grading and behavioral management as specified in the IEP. The special education teacher support may include assisting the general education teacher with the design and preparation of materials, adaptations and accommodations. The special education teacher is responsible for monitoring the student's progress on IEP goals.

General education with direct special education support in the general education classroom. The student receives special education support for the general education curriculum in the general education or regular early childhood program setting. The special education teacher, support service provider, or trained paraprofessional will be in the general education or program classroom to provide direct instruction, instructional support, or other assistance to the student or group of students, through models such as collaborative or co-teaching. The special education teacher/service provider is responsible for monitoring the student's progress on IEP goals.

General education with direct special education support outside the general education classroom. The student receives specially designed instruction and support for the general education curriculum outside the general education or regular early childhood program setting. When the services cannot be appropriately provided in the general education or program setting, the student may receive selected services or all services he/she needs in a separate educational setting (including, but not limited to special classes or early childhood special education Program, special schools, home instruction, and instruction in hospitals and institutions). The special education teacher/service provider is responsible for monitoring the student's progress on IEP goals. Students may receive different services at multiple points along the continuum based on the IEP. Services may be provided with in the district, or through contractual agreement with other districts and/or agencies. The continuum includes services for eligible individuals ages 3 to 21.

Regular Early Childhood Program with Teacher holding Dual Endorsements.

The child is served in the regular early childhood classroom with a teacher who holds a valid practitioner's license issued by the Board of Educational Examiners that includes prekindergarten and early childhood special education. The teacher is responsible for direct instruction, preparation of materials, adaptations and accommodations as specified in the IEP. The teacher with the dual endorsement is responsible for implementing and monitoring the child's progress according to the IEP.

NOTES:

- Students may receive different services at multiple points along the continuum based on the IEP.
- The district will provide access to this continuum for all eligible individuals based on their IEP. Services may be provided within the district, or through contractual agreement with other districts and/or agencies.
- The continuum includes services for eligible individuals ages 3 to 21.
- Early childhood services are provided in a regular early childhood program (less than 50% of the children with disabilities) supported by appropriately licensed early childhood regular and special education teachers. The district's early childhood program operates according to the Iowa Quality Preschool Program Standards (IQPPS), and those standards will be maintained regarding maximum class size and teacher-child ratios.

Question 3

How will caseloads of special education teachers be determined and regularly monitored?

Caseload Determination

Caseloads will be tentatively set in the spring for the subsequent school year. However, caseloads may be modified based upon summer registration and/or actual fall enrollment. Caseloads will be reviewed at least twice (on or about October 1 and January 15) during the school year by district special education teachers and their building principal.

A “full” teacher caseload will be considered to be 45 total points. If a teacher’s caseload exceeds this number, the teacher and the principal and/or designee will meet to discuss whether the teacher is able to provide the services and supports specified in his/her students’ IEPs. If the teacher is able to do so, no further action is needed. If the teacher is unable to provide the services and supports specified, a plan of action will be developed. If the teacher is still not satisfied that the plan of action will meet the IEP requirements, the teacher may initiate the process for resolving caseload concerns described in this plan. *In addition, a teacher may request a meeting with the principal and/or designee to review his/her caseload at **any time** he/she is concerned about the current caseload comprising the ability to provide services as specified in the students’ IEPs.*

In determining special education teacher caseloads, the Pleasant Valley Community School District will use the following values to assign points to the caseloads of each teacher in the district.

1. How many IEP students are on your roster? **1 point**
2. How many students are receiving specially designed instruction (as stated In the student’s IEP) in each category below?
 - a. Up to 2 hours per day **1 point**
 - b. Between 2 and 5 hours per day **1.5 points**
 - c. More than 5 hours per day **2 points**
3. How many classes do you co-teach? **1 point**
4. With how many teachers do you joint plan? **1 point**
5. With how many educational aides or other support personnel do you collaborate (building/AEA personnel) as specified in the IEP to monitor student progress of instruction? **1 point**
6. How many students on your roster will have a 3-year reevaluation this year or will be transitioning to another school? **0.25 point**
7. How many students on your roster are dependent upon an adult for their physical needs? **1 point**
8. How many students have a Behavior Intervention Plan (BIP)? **1 point**
9. How many students are on alternate assessment? **1 point**
10. How many students utilize assistive technology requiring extensive ongoing teacher-provided individualization and/or training for the student? **1 point**
11. For how many students will you be planning and supervising their work experience? **1 point**
12. How many students do you serve off-site? (homebound instruction, Edison Academy, regular home visits, hospitalized, etc.) **0.25 point**

Question 4

What procedures will a special education teacher use to resolve caseload concerns?

Resolving Caseload Concerns

Special education caseloads will be reviewed at least twice per year by the special education teacher and the building principal/designee according to the following:

- On/about October 1
- On/about January 15
- Upon teacher request

Upon review, and in accordance with the district's caseload determination, if there appears to be an overload, the teacher may request, and the building principal/designee will convene a meeting of the building's caseload review team.

Each building's caseload review team will be comprised of four teachers (two general education and two special education), the building administration/designee, and an AEA representative. The individual requesting the review is responsible for gathering the relevant information to support their review. This information may include, but is not limited to, any of the following that best substantiates the concern:

- IEP roster
- Student schedules and/or instructional groupings
- Collaborative and/or co-teaching assignments
- Special student concerns

Based upon the information presented and the ensuing discussion, the caseload review team will make recommendations for addressing the presenting caseload concerns.

When a teacher makes a request for a caseload review, that request will be made in writing to the building principal/designee. Upon receipt of the request, the building principal/designee must convene the caseload review team within 10 working days. The recommendations of the team must be provided to the requesting teacher within 5 days after the meeting date. It is understood that some of the recommendations made by the team may require outside intervention and a longer timeline to enact.

Question 5

How will the delivery system for eligible individuals meet the targets identified in the state's performance plan and the Local Education Agency (LEA) determination as assigned by the state? What process will be used to evaluate the effectiveness of the delivery system for eligible individuals?

The district will examine their state performance plan (SPP) and/or their annual progress report (APR) data to determine priorities and to develop any subsequent action plans. If the district meets the SPP/APR requirements, the delivery system will be considered effective. If the district does not meet those requirements, the district will work in collaboration with the state and AEA officials to rectify the concerns.

Assurances

- ☒ The district assures it provides a system for delivering instructional services including a full continuum of services and placements to address the needs of eligible individuals aged 3 to 21, and shall provide the following:
 1. The provision of accommodations and modifications to the general education environment and program, including settings and programs in which eligible individuals aged 3 through 5 receive specially designed instruction, including modification and adaptation of curriculum, instructional techniques and strategies and instructional materials.
 2. The provision of specially designed instruction and related activities through cooperative efforts of the special education teachers and general education teachers in the general education classroom.
 3. The provision of specially designed instruction on a limited basis by a special education teacher in the general classroom or in an environment other than the general classroom, including consultation with general education teachers.
 4. The provision of specially designed instruction to eligible individuals with similar special education instructional needs organized according to the type of curriculum and instruction to be provided, and the severity of the educational needs of the eligible individuals served.
- ☒ The district assures the school board has approved the development of the plan for creating a system for delivering specially designed instructional services.
- ☒ The district assures that prior to the school board adoption, this delivery system was available for comment by the general public.
- ☒ The district assures the delivery system plan was developed by a committee that included parents of eligible individuals, special education teachers, general education teachers, administrators, and at least one AEA representative (selected by the AEA Special Education Director).
- ☒ The district assures the AEA Special Education Director verified the delivery system is in compliance with the Iowa Administrative Rules of Special Education.
- ☒ The district assures the school board has approved the instructional service delivery plan for implementation.

Question 3

How will caseloads of special education teachers be determined and regularly monitored?

Caseload Determination

Caseloads will be tentatively set in the spring for the subsequent school year. However, caseloads may be modified based upon summer registration and/or actual fall enrollment. Caseloads will be reviewed at least twice (on or about October 1 and January 15) during the school year by district special education teachers and their building principal.

~~A "full" teacher caseload will be considered to be 45 total points.~~ Each student's weighting (1.72, 2.21 or 3.74) is considered in the caseload determination. A total weighting of 26 is comparable to a general education class size. If a teacher's caseload exceeds this number, the teacher and

the principal and/or designee will meet to discuss whether the teacher is able to provide the services and supports specified in his/her students' IEPs. If the teacher is able to do so, no further action is needed. If the teacher is unable to provide the services and supports specified, a plan of action will be developed. If the teacher is still not satisfied that the plan of action will meet the IEP requirements, the teacher may initiate the process for resolving caseload concerns described in this plan. *In addition, a teacher may request a meeting with the principal and/or designee to review his/her caseload at **any time** he/she is concerned about the current caseload comprising the ability to provide services as specified in the students' IEPs.*

~~In determining special education teacher caseloads, the Pleasant Valley Community School District will use the following values to assign points to the caseloads of each teacher in the district.~~

- ~~1. How many IEP students are on your roster? **1 point**~~
- ~~2. How many students are receiving specially designed instruction (as stated in the student's IEP) in each category below?
 - ~~a. Up to 2 hours per day **1 point**~~
 - ~~b. Between 2 and 5 hours per day **1.5 points**~~
 - ~~c. More than 5 hours per day **2 points**~~~~
- ~~3. How many classes do you co-teach? **1 point**~~
- ~~4. With how many teachers do you joint plan? **1 point**~~
- ~~5. With how many educational aides or other support personnel do you collaborate (building/AEA personnel) as specified in the IEP to monitor student progress of instruction? **1 point**~~
- ~~6. How many students on your roster will have a 3-year reevaluation this year or will be transitioning to another school? **0.25 point**~~
- ~~7. How many students on your roster are dependent upon an adult for their physical needs? **1 point**~~
- ~~8. How many students have a Behavior Intervention Plan (BIP)? **1 point**~~
- ~~9. How many students are on alternate assessment? **1 point**~~
- ~~10. How many students utilize assistive technology requiring extensive ongoing teacher-provided~~

individualization and/or training for the student? **1 point**

11. For how many students will you be planning and supervising their work experience? **1 point**

12. How many students do you serve off-site? (homebound instruction, Edison Academy, regular home visits, hospitalized, etc.) **0.25 point**
